Profile

I am an MCA student at Kannur University Campus Mangattuparamba, who is passionate about web developing and user interface developing. I have always been fascinated by designing and art. I am having an experience in building some real-world projects which possess technical skills such as HTML, CSS, Javascript, Android Studio, Python etc.

Education

Master of Computer Applications (Present) Department of Information Technology, Kannur University	2022 – 2024
Bachelor of Computer Applications (8.7 CGPA) Jamia Hamdard Kannur Campus	2019 – 2022

Skills

- HTML
- CSS
- C++
- Communication
- Teaching
- Python
- Android
- Java
- Problem Solving

Courses

Enhancing Soft Skills and Personality, IIT Kanpur

Certificates

Machine Learning with TensorFlow
Google for Developers

Android Basics with Compose
Google for Developers

IoT Bootcamp: From Fundamentals to Practical Applications
Kannur University

Languages

- English
- Malayalam
- Hindi

Projects

Air Quality Prediction Using Machine Learning

present

This project focuses on studying about machine learning techniques used for prediction of air pollution using the air pollutants, temperature and humidity. The purpose of AQI is to educate the public on the negative health effects of local air pollution.
